### EDUCATION

**Higher Vocational Education:** .NET Software Development, Expected in 05/2026

**Nackademin YH** - Stockholm

Vocational education where I developed in-depth knowledge in system development on the .NET platform with a focus on C#, as well as web development using React, Angular, MVC and relational databases. I also completed industry-specific projects that required both problem-solving skills and practical application of modern technologies in different team environments.

**Upper Secondary School:** Electrician, 06/2011

**St Eriks Gymnasium** - Stockholm

Focused on practical and theoretical training in electrical installations, energy systems, electronics. Included hands-on experience through workplace-based learning(APL).

---

## EXPERIENCE

---

**Volunteer**, 03/2019 - 01/2020

**Family-Owned Import and Wholesale Business** – Sydney, Australia

- Assisted in daily operations of a small business importing and delivering tobacco products to retailers and companies.

**Store Assistant**, 09/2016 - 10/2018

**COOP** – Stockholm, Sweden

- Worked with customer service, cashier operations, and product stocking.
- Worked to create a positive shopping experience by providing fast and helpful service.

**Store Assistant**, 04/2016 - 08/2016

**Shell Gas Station** – Stockholm, Sweden

- Worked at a Shell gas station with responsibilities in both the store and cashier.
- Tasks included assisting customers, handling payments, restocking shelves and fridges, receiving deliveries, and unpacking goods.

**Electrician**, 06/2011 - 08/2013

**Gulliksson EI** – Stockholm, Sweden

- Worked as an electrician performing electrical installations in homes and commercial buildings.
- Tasks included cable routing, installing electrical panels, lighting, outlets, and switches, as well as troubleshooting and repairs.
- Worked both independently and in teams.
